7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words)

- Solid waste management
- Liquid waste management
- Biomedical waste management
- E-waste management
- Waste recycling system
- Hazardous chemicals and radioactive waste management

Regarding the management of waste, the institution has adopted the practice of separating degradable and non-degradable waste at source by using separate waste bins (marked and coloured). Students and staff are made aware of the necessity of waste management for a cleaner environment of the institution. Contents of the separated waste bins are disposed of in the daily collection vans circulated by the local municipality.
