

NOTICE

DATE - 05/04/2022

On 12/04/2022(Tuesday), we have planned to execute three tasks in our college premises at a time:

- a) Blood donation camp
- b) Free health check-up
- c) Detection of Thalassemia disease

To make the entire program schedule a grand success, a rally will be organised surrounding the college on 08/04/2022 at 10:15 am to imprint the importance of this noble drive in the mind of the students and the local people.

All teachers, NTS and students are expected to participate in that rally. NSS programme officers are specially requested to lead the rally. Co-operation from all is earnestly solicited.
