

REPORT

The department of POLITICAL SCIENCE held a tree planting event on 7th september 2022. The event aimed to plant and saplings as part of the Environment Day celebrations. Students from various semesters were given saplings to plant within and around the college premises, while the remaining saplings were planted by senior students in nearby localities. After the plantation, the principal of college gave a speech highlighting the benefits of tree planting for the environment. He stressed the importance of trees for oxygen production and the negative impact of deforestation on the environment. He urged the students to plant and conserve trees for the sake of future generations. The Principal concluded the event with a vote of thanks.
