Food Habit and Cancer Prevention

8th March 2018

Our college Kabi Sukanta Mahavidyalaya has two active units of National Service Scheme (NSS). Both Unit – I & Unit – II are playing various activities inside and outside of our college. We organized jointly a Special Camp from 4th March to 10th March. 8th March 2018 we arranged a seminar on **“Food Habit and Cancer Prevention”** for all college staffs and students for their better health and healthy future. We all know healthy people are always active and energetic. Dr. Sankar Kumar Nath was the inviting guest of this workshop.

Here I attached some pictures of that seminar.
