National Service Scheme (NSS)

Unit – I & II

CELEBRATION OF NSS DAY

ON

24TH SEPTEMBER 27, 2018

24th September is the day of National Service Scheme (NSS). In the year 1969 dated 24th September government of India first introduced this scheme. It is the public service programme conducted by the Ministry of Youth Affairs and Sports. National Service Scheme was launched in Gandhiji's Centenary year, 1969. Primary concern of NSS is personality development of students through community services. The motto of National Service Scheme is “Not me, but you”. It indicates voluntary service for the social development, welfare and progress.

In the year 24th September 2018 we are celebrating the golden jubilee of National Service Scheme. Our college **Kabi Sukanta Mahavidyalaya** has two Units of National Service Schemes (NSS). This day both units of our college organizing various activities. Volunteers of both units are participating in both activities, A; **NSS Day Celebration** and B; **Swachhta Hi Sewa**. We start our day by the flag hosting and organizing various students' awareness programme for developing their qualities and wants to make them social and active.

Here we mentioned those activities separately;

1. To convey the proper motto of National Service Scheme in the students we discuss the characteristics and work of NSS, as well as showing some video clips about NSS. We are exploring the message of voluntary services. Apart from the voluntary services NSS develop the personality of human beings. Through NSS new generation learn the proper behaviors and getting information about society as well as various social issues.

2. To developing speaking power, we are organized an extempore competition among the volunteers. All the extempore topics are related to contemporary social issues. Volunteers are enthusiastically participated in it and actively deliver the speech.
3. Organized a quiz competition regarding NSS and about national information among the volunteers to exploring the information among the students.

Here we attached some photographs of the day: -
