FUNDING: **RED RIBBON**

DATE: **21.02.2024**

TIME: **12 pm to 2pm**

VENUE: **AUDITORIUM**

PARTICIPANTS: **111**

PROGRAM OFFICERS: **SOHAN DAS (UNIT I) & PRIYA DAS (UNIT II)**

A health detection camp emphasizing on *Thalassemia* was organized by Kabi Sukanta Mahavidyalaya, NSS UNIT I & II in collaboration with **Thalassemia Control Unit, Dr. B.C.ROY PGIPS** and funded by **RED RIBBON** on 21st February, 2024 at the college premises. The session was chaired by our respected Principal Dr. Md. Salauddin Khan. The program began with the felicitation of the guests from PGIPS, followed by a relevant presentation on Thalassemia Awareness by the team leader. The presentation was quite interactive and fruitful for the students. After the completion of the presentation, began our health detection camp where the students irrespective of gender spontaneously participated in the test-process. Overall, the program/health camp was successfully completed with the help of our special guests, our beloved students, and everyone else involved in this social cause.
