## About ➔ **Kabi Sukanta Mahavidyalaya**

To promote higher education among the boys and girls of Bhadreswar and surrounding villages, persons of different communities, and three local Municipalities viz, Bhadreswar, Champdany, Baidyabati took an avowed aim to establish a centre of higher learning viz, a college in Bhadreswar. And the outcome was the emergence of Kabi Sukanta Mahavidyalaya on December 6, 1986. The Pioneers in the field of establishing this College definitely got extra momentum when Purbanchal Multipurpose Co-operative Society Ltd. came ahead to donate two bighas of land on which our institution shines in its lonesome beauty.

The college offers Honours courses in Bengali, English, Sanskrit, History, Commerce, Geography, Political science, and Sociology. Our college also offers General courses in Economics, Mathematics, and Philosophy. In 2015 the NAAC team visited the college, and the college has been awarded grade "B".

## About ➔ **Intellectual Property Rights**

The first legislation in India relating to patents was the Act VI of 1856. The objective of this legislation was to encourage inventions of new and useful manufactures and to induce inventors to disclose secret of their inventions. Intellectual Property Rights is an inevitable tool for today's globalized economy. Fostering innovation is one of the sustainable development goals set by the Government of India. "An India where Intellectual Property stimulates creativity and innovation for the benefit of all" is the vision of our National IPR Policy. Several initiatives have already proven to foster innovation like the Make in India, Start up India, Digital India and Skill India. The Atal Innovation Mission nurtures the innovative energies across the country in schools and universities. Under the IPR policy, the cell for IPR Promotion and Management, CIPAM has been tasked to facilitate creation and commercialization of IP assets in collaboration with the Office of the Controller General of Patents, Designs and Trademarks.
