GREEN POLICY

Kabi Sukanta Mahavidyalaya recognizes the need to function all year round in a manner which minimizes its harmful environmental impact. Kabi Sukanta Mahavidyalaya Policy is based on three pillars.

Environmental sustainability: The Green Policy must ensure sustainability of the environment

Economic viability: Economic viability options should be considered in the implementation of the Green Policy.

Social acceptance: Social acceptance is a key to the success of the Green Policy and therefore, the social context of the community, faculty and students must be taken into consideration in the Green Policy.

To this end Kabi Sukanta Mahavidyalaya will:

1. Maximize the proportion of waste that is recyclable & minimize the quantity of non recyclable refuse.

Kabi Sukanta Mahavidyalaya therefore commits to:

- Reduce the amount of waste that it produces from college canteen and staff offices. Recycle or safely dispose of plastic, computers and electrical appliances.
- Use reusable resources and containers and avoid unnecessary waste where possible.
- Always purchase recycled resources where these are both suitable and available.

- Provide sufficient, accessible and well-publicized collection points for degradable and non-degradable waste.
 - Make specific arrangements for events, such as cultural Events, internal and external seminars and conferences, where significant recyclable waste is likely to be produced, in order to both minimize the waste produced and maximize what is recycled/reused.
 - Promote reuse of items and waste recycling among staff, students and conference guests through training.
2. Reduce energy consumption, especially of energy derived from fossil fuels, in all college property.

Kabi Sukanta Mahavidyalaya therefore commits to:

- Give preference to the most energy efficient and environmentally sound appliances available, this includes using energy-saving LED light bulbs as much as possible.
- Provide energy efficient heating systems, with adjustable controls for individual heating appliances wherever possible.
- Encourage staff, students and conference guests to save energy through visible reminders to increase awareness. This particularly concerns turning off electrical appliances when not in use.
- Ensures that all electronic and electrical equipment, such as computers, are switched off when not in use, and is generally configured in power saving mode when such option is available.

3. Ensure that improvements, purchases and developments are environmentally sound.

Kabi Sukanta Mahavidyalaya therefore commits to:

- Seek and act upon professional advice in order to minimize the adverse environmental impact of any new developments and exceed government regulatory requirements. This includes efficient heating and water systems, appropriate space for recycling, and the use of recycled and/or sustainable building materials where possible.
- Purchase efficient and environmentally sound appliances and consider replacing old stock with greener, more efficient alternatives.

4. Minimize consumption of water.

Kabi Sukanta Mahavidyalaya therefore commits to:

- Repair sources of water leakage, such as dripping taps and showers as quickly as possible.

- Install appliances which reduce water consumption.
- Encourage a decrease in water usage among staff, students and conference guests.
- Use an efficient and hygienic water storage mechanism is to minimize the loss of water during storage.
- Minimize wastage of water and use of electricity during water filtration process, if used, such as RO filtration process and ensure that the equipment used for such usage, are regularly serviced, and the wastage of water is minimized.

5. Minimize the use of chemical pollutants both in college by students and staff, and in college garden.

Kabi Sukanta Mahavidyalaya therefore commits to:

- Ensure that all cleaning products used by college staff have a minimal detrimental impact on the environment are non-toxic, even where this exceeds the Control of Substances Hazardous to Health (COSHH) regulations.
- Reduce the practice of burning plastic and other material that emit harmful gas on burning is prevented in the campus

6. Ensure that the students and faculties are encouraged to plant trees in the campus.
