We have decided to automate all the various operation of the instructions in an integrated manner in order to enable transparency clarity in different functionalities of the instructions pertaining to teaching learning (Academic), administration, Examinations, Finance and accounting, admissions.

Implementation of e-governance is to be in operation in the following areas:

1. Planning and Development
2. Administration

We are committed to embrace the concept, "Digital India." Students' admission is through purely online mode. Students avail scholarships through national/state scholarship portals. Salary for full time teachers and staff are done through the HRMS portal. All students' transactions are through online mode only. Students' payment gateway is also solely online. Downloadable study materials are to be uploaded in the college website. Many class rooms and two-laboratories are ICT enabled. More projectors are to be installed in the coming academic sessions. Teachers are encouraged to use ICT facilities to make teaching learning effective. We provide e mail ids for the teachers with its own domain name.
