Analysis: (250 Words max.)

Strength: Qualified teaching faculty and efficient supportive staff having cordial relation with the students. IGNOU study centre (28150). Varied Research activities by the faculty members.

Weakness: Shortage of Teachers in some departments, like Philosophy, Education and Commerce; shortage of supportive staff, classrooms and equipment.

Opportunities: Inculcation of social awareness among students through socio-cultural and outreach programmes.

Challenges: To motivate the students to continue and complete graduation and thereby to prevent drop-out tendency in the students remains a great challenge as a significant section of our students comes from economically backward sections who are in constant need of earning for the family. Infrastructural upgradation is also a great challenge to the college as it lacks funds.

Best Practice (s) /Innovations of the Institute:

PRACTICE:01

Title: Promoting Natural Resources: To create awareness about preservation of natural resources. **The Context:** The practice is guided by an attempt to utilize the renewable energy in the campus to the utmost. **The Practice:** The college follows the under mentioned practice – Eco-friendly campus with garden and Solar Energy. **The Evidence of Success:** Consumption of Electricity has been reduced thereby minimizing the electricity bill expenses. **Problems encountered and resources required:** The use of Solar energy needs to be maximized and for this purpose financial and technical support from the government is solicited.

PRACTICE:02

Title: Green Campus: To create awareness about conservation of environment. **The Context:** The area being Industrial and students belonging to economically backward classes, a general lack of awareness about conservation of nature has been marked. **The Practice:** The college follows the under mentioned practice – Green Generator, Spit-free

Campus, No Plastic and No Smoking Zone. The Evidence of Success: College campus is now much cleaner and pollution free. Problems encountered and resources required: Still there is a need to promote 'no plastic' awareness among the students and local people.

Criterion - 7**Please comment on SWOC****Analysis: (250 Words)**

Strength: Qualified teaching faculty and efficient supportive staff having cordial relation with the students. IGNOU study centre (28150). Varied Research activities by the faculty members.

Weakness: Shortage of Teachers in some departments, like Philosophy, Education and Commerce; shortage of supportive staff, classrooms and equipment.

Opportunities: Inclusion of maximum number of students in the online mode of teaching-learning to cope up with the lockdown situation following the outbreak of COVID 19.

Challenges: To motivate the students in a pandemic situation remains a great challenge as a significant section of our students comes from economically backward section. Infrastructural upgradation is also a great challenge to the college as it lacks fund.

Best Practice (s) /Innovations of the Institute:**Practice:01 Title: Promoting Natural Resources.**

The Context: The practice is guided by an attempt to utilize the renewable energy in the campus to the utmost thereby turning the college into a greener and pollution free institute.

The Practice: Eco-friendly campus with garden and Solar Energy.

The Evidence of Success: Consumption of Electricity has been reduced thereby minimizing the electricity bill expenses.

Problems encountered and resources required: The use of Solar energy needs to be maximized and for this purpose financial and technical support from the government is solicited.

Practice:02 Title: Continuous learning during COVID

The Context: During the present assessment period (2020-21), the college was closed for the students' usual classroom teaching.

The Practice: Students were oriented for online modes of classes and examination. The college adopted an online mode in teaching, assessment and evaluation. Webinar and online student centric

activities were organized.

The Evidence of Success: Pass percentage of students has gone up and students have become more proficient in virtual learning platforms.

Problems encountered and resources required: Since a number of students are from economically backward classes, their access to gadgets is limited. Financial assistance would enable them to access the e learning process.

SWOC Analysis: (250 Words)

Strength: Qualified teaching faculty and efficient supportive staff having cordial relation with the students. IGNOU study centre (28150). Varied Research activities by the faculty members.

Weakness: Up to February 2022 normal offline classes were suspended due to COVID 19. Shortage of Teachers in some departments, like Philosophy, Education and Commerce; shortage of supportive staff, classrooms and equipment. **Opportunities:** Inculcation of social awareness among students through socio cultural and outreach programmes.

Challenges: To motivate the students in a post pandemic situation remains a great challenge as a significant section of our students comes from economically backward section. Infrastructural upgradation is also a great challenge to the college as it lacks fund.

The Context: As we switched over to offline classroom teaching, the

students had difficulties in coping up.

The Practice: Students were re-oriented for offline classes and examination.

They were put through pen and paper mode of class tests and internal assessments. They were encouraged to use the library.

The Evidence of Success: A significant number of students are confident about their performance in University examination.

Practice:02 Title: Reaching out to the Neighbours

The Context: As a significant section of our students come from the neighbouring villages and jute mill areas, we reach out to those areas for community service.

The Practice: We have organized, through the Units of NSS, outreach and extension activities in the villages of Bighati Gram Panchayat in the form of general health awareness campaign, health check-up camp and a COVID Vaccination Camp in the college premises in association with the Health Department of the Govt. of west Bengal.

The Evidence of Success: We are receiving requests for more of such camps and campaigns and we are encouraged for planning extension activities on larger scale.

SWOC Analysis: (250 Words)

Strength: Qualified teaching faculty and efficient supportive staff having cordial relation with the students. IGNOU study centre (28150). Varied Research activities by the faculty members.

Weakness: Shortage of Teachers in some departments, like Philosophy, Education and Commerce; shortage of supportive staff, classrooms and equipment.

Opportunities: Inculcation of social awareness among students through socio cultural and outreach programmes.

Challenges: To motivate the students in a post pandemic situation remains a great challenge as a significant section of our students comes from economically backward section. Infrastructural upgradation is also a great challenge to the college as it lacks fund.

Best Practice (s) /Innovations of the Institute:

Practice:01 Title: Talk of the Month. The Context: The practice is guided by an endeavour to cultivate academic excellence among the faculty members. The Practice: Each faculty member delivers a lecture every month on multidisciplinary/popular subjects. Faculty members, non-teaching staff and students are engaged in the activity. The Evidence of Success: Growing participation among teachers, non-teaching staff and students, especially in the interactive sessions; exchange of ideas enriching and igniting minds.

Practice:02 Title: Reaching out to the Neighbours The Context: As a significant section of our students come from the neighbouring villages and jute mill areas, we reach out to those areas for community service. The Practice: We have organized, through the Units of NSS, outreach and extension activities in the villages of Bighati Gram Panchayat in the form of general health awareness campaign, health check-up
